Mayor called meeting to order at 6:05 pm.

Sharon Wolter brought everyone copies of the needs assessment that she worked on. This was very helpful with the maps so we could see where we would like to begin regarding going forward for the needs we are looking for. Discussion was on where we would possibly have various activities and information we would have available for the Keller Group on February 16th. Some discussions involved tables and chairs and approximately how many we would need and would we rent or buy. Everyone had input and it was very informative. The following are some ideas we came up with:

- Seniors exercise are for approximately 75 people
- 2 coat rooms and mechanical room
- Library/meeting room
- WIFI capabilities and AV also
- Meeting room for approximately 150 people
- Sound system
- Basketball
- Electrical plugins
- Track upstairs
- Manager and reception area
- Stage area
- Outdoor seating
- Small exercise room also.
- Kitchen with storage
- Approximately 400 chairs and 50 8ft tables
- Chair racks.

Next meeting is with Keller Group on Thursday, February 16th at 5pm.
