

**Brodhead Public Works Committee Meeting**  
**Tuesday December 1, 2015**

Call to order at 3:45 pm – Present: Rich Vogel, Troy Nyman, Dick Hale, Mary Mason  
Cheyenne Brady. Absent:Holly Everson, Barb Krattiger, Chris Dodd

Motion to accept November minutes by Troy, second by Mary. Motion passed.

Concerned Citizens: Mary has a request that we repair the south edge of 15<sup>th</sup> Street from E 7<sup>th</sup> to E 8<sup>th</sup> Avenue. Bad potholes & very rough. Rich reported that we will fill the potholes now and plan to resurface that south edge next year.

Rich reported that leaf pick up was completed before the snow storm.

Rich reported that we are looking at areas we could cut on the lift station upgrades and still meet the requirements of the DNR before we go out for bids. He will bring more information back to the committee in the near future.

Committee reviewed the budget. No action.

Concerns of committee members – Rich shared the letter from the DNR on the Decatur Lake Dam required repair. The DNR is allowing us to do the alternate repair for \$33,427.50 which is removing just the lower half of the concrete mat. They did warn us that their experience with concrete mats is that we face a good chance that we will have continued erosion problems and this could end up being only a temporary fix. Rich is going to discuss this with the engineer and then take the information to the council.

Motion by Mary to adjourn, second by Troy. Motion passed at 4:10 pm.
