

**Emergency Management Committee Meeting Minutes  
September 9, 2015**

City of Brodhead Emergency Mgt. meeting called to order by Chair John Bernstein at 10:00 AM.

Members present: Rich, Jeff, Chris H, Brian, Heather John

Members absent: Dick H, Teresa, Roseann.

Motion by Jeff second by Rich to approve past minutes. Motion passed.

No public input, None

Rich talked about emergency stations along Pearl Island. If some sort of pull station, phone or other contact device should or could be thought about. This came about with some information he had received. It was thought that today's Cell Phones and postings of contact phone numbers this may not be needed. We will have to post the land line phone numbers of the local Police Dept. as we do with other events. As we are so close to a number of outside cell towers.

Training attended none.

The house number project to get house numbers on homes and business's is being taken on by members of the Fire District's Explorer's Club, as their High School Senior Project.

The recent Diesel fuel spill cleanup went well. Many Special services were involved in the cleanup of a fuel spill within an area in the city. No fuel went into our sewer system and was well taken care of. Brodhead Fire District, Brodhead Police along with County E.M. County Sheriff's Dept. State Police, and DNR were on hand or contacted.

Quick response was the factor. Other ideas were brought up for what to do for events of this nature should it happen again. i.e.: keeping a supply of sandbags on hand and have them ready for quick use. Also what radio channels to use so all involved can be heard.

Next meeting we may invite the remains Nursing homes. We want to make this known to them we are not after them and by no means trying to be the bad guy. We just want them to know what can and should be done in case of an event. And where they may need to be and what they should have to comply.

Next meeting: Oct 14, 2015. Possibly upper level.

Motion to adjourn by Chris H. second Rich. At 11:00 AM

Minutes taken by John B. Acting Sec.
